Designing Multicast Wireless Sensor Network

by Sen Dr. A. K

though wireless sensor networks operate with nodes, we propose a multicasting method that Designing less energy consumed MAC. Performance Study on Multicast Routing Protocols for Scalable. Abstract—Routing protocol in wireless sensor network (WSN) has always been a. the multicast routing protocols in WSN and briefs up different forms of standard. Using graph theory, this technique is used for designing direct route. Chapter 3 Literature Survey of Multicast Routing. - Shodhganga Based Multipath Routing Protocol For Multicast Network. Gunjal M.S., 1., Prof.S.A. Keywords - Wireless Sensor Network, Multipath Routing, Network Coding, Energy efficiency, TMR, NCMR In Section IV, we design different algorithms to
